

Spring Wild Turkey Hunting Diary

A sample of turkey permit holders, including those who did not hunt or were unsuccessful, will be asked to complete a survey provided by the Department of Inland Fisheries and Wildlife and return it to the Department within a period of 10 days after the close of the turkey hunting season. You may find the diary below useful for keeping track of your spring turkey hunting activity. Please do not send this diary to the Department, use it to fill out the survey accurately if you are sent one by the Department.
